## SHEENS & TECHNIQUES

### SATIN SHEEN

(Top portion of door)

Our timeless original top coat features a moderate sheen which is reflective without being too glossy. Available on all stains, glazed stains, paints and glazed paints.

### MATTE SHEEN

(Lower portion of door)

Our low sheen top coat is less reflective and absorbs more light, resulting in a softer, more muted look. Available on all stains and glazed stains. Not available on paints or glazed paints.

### DISTRESSING

Unique imperfections like wormholes, chisel marks and tiny dents and dings replicate the wear found on a well-loved piece of furniture.

### HEIRLOOMING

Over-sanded edges and profiles expose the underlying wood to create a naturally aged appearance, lending depth and character.
